

Antidotes for Healing the Human Body

Eyes

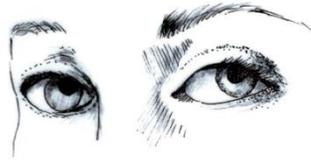

Spiritual Correspondence of the Eyes

Eye problems in general correspond to a false perception of what is good and true. According to the book *Physiological Correspondences*, “the left eye corresponds to the understanding of what is true, and the right eye to the understanding of what is good.”ⁱ If we have problems with our right eye, we have a wrong understanding of what is good. If we have problems with our left eye, we have a wrong understanding of what is true. We are using false standards and emotions in how we perceive.

Because eyesight provides more information to our brain than all the other senses, we can see how important our perception is for the health of the body. How we perceive something has a great influence on the effectiveness of the energy flow to our eyes. If we see things with a good and right attitude, energies flow freely to the eyes. If we perceive something good from God’s perspective as something bad, it causes the energies to the eyes to become depleted, creating energy blockages to the spiritual eyes that materialize in eye problems. Perceiving incorrectly creates an anxiety which mischannels energy to the eyes. This anxiety can cause eye pressures to rise. When these conditions are prolonged, it can damage the optic nerve and eventually damage our vision. Everything stems from how we perceive something.

When we have an erroneous view instead of God’s perspective on a thing, it darkens our spiritual understanding. This diminishes energy to our eyes. When our own desires become our standard instead of the truth, we confuse evil with good and good with evil without realizing it. Before eye problems materialize, they begin in the spirit realm, where our thoughts are conjoined with desires that we believe to be good. We act upon it, and it becomes our truth. Because it may not be the actual truth, a veil remains upon our mind’s eye. This veil prevents us from identifying the error we believe in and hinders the healing process. This in time will manifest in the corresponding eye problems to show us that our spiritual perception is being blocked.

“By...seeing ye shall see, and shall not perceive:
for this people's heart is waxed gross,
and their ears are dull of hearing,
and their eyes they have closed;
lest at any time they should see with their eyes,
and hear with their ears,
and should understand with their heart,
and should be converted,
and I should heal them.”ⁱⁱ

Spiritual Correspondence of the Eyes (continued)

Truth will either unveil us or blind us depending upon our attitude. It is our choice to either remain in error or to see clearly. Jesus clarified his mission regarding our perception when He said, “For judgment I am come into this world, that they which see not might see; and that they which see might be made blind. And some of the Pharisees which were with him heard these words and said unto him, ‘Are we blind also?’ Jesus said unto them, If ye were blind, ye should have no sin: but now ye say, We see; therefore your sin remaineth.”ⁱⁱⁱ When we are able to see our blindness, we become unveiled to the error of our thinking, which frees us. If we cannot see our error, we will insist that we can see correctly. Our own denial will prevent our healing. We see clearly by getting God’s mind from the source of light that comes from the Word of God.

“The entrance of thy words giveth light;
it giveth understanding unto the simple.”^{iv}

Truth enlightens our mind and gives us a higher understanding with a clarity that we would not receive on our own. As a result, veils are removed from our spiritual eyes, and we understand things from a higher perspective. Truth from scripture quickens our spirit and strengthens the energy fields to our eyes. It provides us with a new perspective and a renewed hope. When good and truth enter our hearts, it enables us to see our error so that we can be a better person.
